AIOS Mid-term Conference 2026, Ranchi

Foreword

Prof (Dr.) Namrata Sharma

Chairperson Scientific Committee

Dear Colleagues and Friends,

It gives me immense pleasure to welcome you all to the **AIOS Mid-Term Conference 2026**, being held from **25–27 September 2026** at **Hotel BNR Chanakya, Ranchi, Jharkhand**.

Nestled amidst the scenic beauty of the Chota Nagpur Plateau, **Ranchi**, the capital of Jharkhand, offers a refreshing setting for academic exchange and professional camaraderie. Known for its natural beauty, pleasant surroundings, waterfalls, and rich cultural heritage, the city provides an ideal backdrop for us to come together for an engaging celebration of science, skills, and fellowship.

The Mid-Term Conference has been thoughtfully designed as an intensive **two-and-a-half-day academic programme**, bringing together eminent faculty, experienced clinicians, young ophthalmologists, residents, and researchers from across the country. With **102 scientific sessions and 712 podium presenters**, the conference promises a vibrant platform for learning, interaction, exchange of ideas, and scientific deliberation.

Adding an international dimension to this year's conference, we are delighted to welcome **Dr. Jacqueline Ciron Angeles from the Philippines** and **Dr. Prashant Subramaniam from Malaysia** as our distinguished international guest faculty. Their participation will further enrich the scientific programme by bringing global perspectives, experiences, and insights to our academic discussions.

The scientific programme encompasses a wide spectrum of engaging formats, including:

- **Deferred Live Surgery**
- **Faculty Talks**
- **Case Presentations**
- **Competitive Free Paper, Physical Poster & Video Sessions**
- **AIOC Theatre**
- **Wetlabs – SSTC, DSTC & TSTC**
- **LOC Scientific Sessions**

These diverse formats have been planned to provide a balanced combination of contemporary scientific knowledge, surgical learning, practical skill development, clinical problem-solving, and opportunities for young ophthalmologists to showcase their work.

I would like to express my sincere appreciation to the **Local Organising Committee** for their dedicated efforts and invaluable support in making this conference possible. My special thanks to **Dr. B. P. Kashyap, Organising Chairman**; **Dr. Bhaarti Kashyap, Organising Secretary**; **Dr. Preetish Pronoy, Organising Treasurer**; **Dr. Nilendu Mishra, Member**; and **Dr. Sujoy Samanta, Member**, and the entire organising team for their commitment and meticulous planning.

AIOS Mid-term Conference 2026, Ranchi

I would also like to acknowledge the invaluable support and guidance of the **AIOS leadership**: **Dr. J. S. Titiyal, President; Dr. Mohan Rajan, President Elect; Dr. Chitra Ramamurthy, Vice President; Dr. Santosh G Honavar, Honorary Secretary; Dr. Manoj Chandra Mathur, Honorary Treasurer; Dr. Prashant Keshao Bawankule, Chairman, Academic and Research Committee; Dr. M. Vanathi, Editor, Indian Journal of Ophthalmology; Dr. Krishna Prasad Kudlu, Editor, Proceedings; Dr. Partha Biswas, Immediate Past President; Dr. Mohita Sharma, Joint Secretary; and Dr. P. Elankumaran, Joint Treasurer.** Their continued encouragement, valuable guidance, and steadfast support have played an important role in advancing the academic endeavours of AIOS and in making this conference a meaningful scientific platform.

I also extend my gratitude to the members of the **AIOS Scientific Committee, faculty, presenters, convenors, moderators, chairpersons, reviewers, and everyone involved** in shaping this comprehensive scientific programme.

I am confident that the Mid-Term Conference in Ranchi will provide an enriching academic experience, foster meaningful interactions, encourage new collaborations, and offer valuable take-home learning for everyone.

As we gather in the beautiful city of Ranchi, I hope that beyond the scientific sessions, you will also find time to reconnect with colleagues, forge new friendships, exchange ideas, and experience the warmth and hospitality of Jharkhand.

I look forward to welcoming you all to **Ranchi** for three memorable days of **science, skills, collaboration, and camaraderie**.

AIOS Mid-term Conference 2026, Ranchi

Dr. Jeewan S Titiyal
President

Greetings to All,

It gives me immense pleasure to welcome you to this conference, which holds great significance for the ophthalmic fraternity of our country. It provides an excellent platform to keep ourselves abreast of the latest advances in ophthalmic science, emerging technologies, and evolving surgical techniques.

The scientific program has been thoughtfully designed to meet the needs of the general ophthalmologist, with the objective of translating recent advances into day-to-day clinical practice. I am confident that every participant will benefit from the stimulating scientific deliberations, interactive discussions, and practical learning opportunities. The wet lab sessions have been carefully curated to provide young ophthalmologists with valuable hands-on surgical skills and enhance their confidence in clinical practice.

Recognizing that the future of ophthalmology rests with our younger colleagues, we have placed special emphasis on providing opportunities for them to showcase their academic talent through free paper and poster presentations. Such platforms not only encourage research and innovation but also nurture the next generation of clinician-scientists and leaders in ophthalmology.

We are privileged to have an outstanding panel of distinguished national faculty, who will share their vast experience, clinical insights, and evidence-based practices. Their contributions will undoubtedly enrich the academic experience for all delegates.

This conference represents another important milestone in our collective pursuit of excellence in ophthalmology. As we gather to exchange ideas and learn from one another, let us reaffirm our shared commitment to excellence, innovation, ethics, and compassionate patient care. Through collaboration, research, and continuous professional development, we can move closer to our common vision of ensuring that quality eye care is accessible to every individual and that no one is deprived of the precious gift of sight.

I sincerely congratulate and appreciate the Scientific Committee for creating this meaningful academic platform under the dynamic leadership of **Prof. Dr. Namrata Sharma** and the dedicated scientific committee members. I am confident that they have curated an outstanding scientific program featuring high-quality academic content, thought-provoking discussions, live learning experiences, and an exceptional lineup of distinguished national faculty.

Finally, I extend my heartfelt best wishes to all participants. Your passion for learning, your commitment to advancing ophthalmology, and your dedication to improving patient care are the driving forces that continue to elevate our profession.

I wish the conference a grand success and hope that it provides an enriching academic experience, fosters meaningful professional interactions, and leaves every participant with new knowledge, fresh perspectives, and lasting memories.

Warm regards,

Prof Dr Jeewan Singh Titiyal
President

AIOS Mid-term Conference 2026, Ranchi

Dr. Santosh G. Honavar
Honorary General Secretary

Dear friends,

It gives me immense pleasure to welcome you to the 5th AIOS Mid-term Conference 2026 in Ranchi.

The Mid-term Conference has evolved into an important academic milestone in the AIOS calendar - a meeting that brings together contemporary science, practical experience, innovation, and the warmth of professional camaraderie. This year's programme promises to make that experience particularly rewarding.

The scientific programme has been thoughtfully designed to be easy to follow, engaging, and immediately applicable to clinical practice. Rather than being confined to conventional didactic lectures and scientific papers, the programme brings together practical case presentations, clinical problem-solving, surgical videos, interactive discussions, and focused sessions. The emphasis is on learning how we think, how we decide, and how we manage - making the science relevant to both the postgraduate learner and the experienced practitioner.

A special word of appreciation is due to Prof. Namrata Sharma, Chairperson, Scientific Committee, AIOS, for her tremendous academic commitment and meticulous effort in putting together this programme along with her incredibly talented team of 14 members. Their collective vision has ensured a programme that is contemporary without being intimidating, comprehensive without being overwhelming, and scholarly while remaining firmly grounded in everyday ophthalmic practice. This is no small task, and her contribution deserves our deepest appreciation.

The meeting will also provide an excellent opportunity to explore the rapidly changing landscape of ophthalmic technology and practice at the Trade Exhibition. The exhibition will bring together leading industry partners, new technologies, equipment, devices, pharmaceuticals, and innovations - all under one roof. It will offer delegates an opportunity to see, compare, discuss, and understand the technologies that are shaping the future of ophthalmology.

My heartfelt appreciation also goes to the Local Organising Committee, whose dedication and tireless efforts are the foundation of a successful meeting: Dr. B. P. Kashyap, Organising Chairman, for his leadership and vision; Dr. Bharti Kashyap, Organising Secretary, for her tremendous drive, meticulous coordination, and attention to every detail; Dr. Preetish Pronoy, Organising Treasurer, for ensuring the financial and logistical backbone of the conference; Dr. Nilendu Mishra, for his valuable contribution to the planning and execution of the meeting; and Dr. Sujoy Samanta, for his enthusiastic support and commitment to the organising effort.

I also acknowledge with gratitude the faculty, session chairs, speakers, abstract reviewers, volunteers, coordinators, and the entire local team whose contributions may not always be visible on the programme pages but are essential to making a conference of this scale successful.

A special word of appreciation is also due to the AIOS leadership - Dr. J. S. Titiyal, President; Dr. Mohan Rajan, President Elect; Dr. Chitra Ramamurthy, Vice President; Dr. Manoj Chandra Mathur, Honorary Treasurer;

AIOS Mid-term Conference 2026, Ranchi

Dr. Prashant Keshao Bawankule, Chairman, Academic and Research Committee; Dr. M. Vanathi, Editor, Indian Journal of Ophthalmology; Dr. Krishna Prasad Kudlu, Editor, Proceedings; Dr. Partha Biswas, Immediate Past President, Dr. Mohita Sharma, Joint Secretary and Dr. P Elankumaran, Joint Treasurer - whose collective leadership, wisdom, commitment, and spirit of service continue to strengthen AIOS and expand its vision for the future. Their diverse experience and shared commitment to excellence have enabled AIOS to move forward with confidence, embracing innovation while remaining firmly anchored in its core mission of education, professional development, research, advocacy, and service to ophthalmology. The success of every AIOS initiative, including this Mid-term Conference, is ultimately a reflection of this collective leadership and the remarkable culture of teamwork that they have fostered. I acknowledge each of them with deep gratitude for their invaluable contribution to the continued growth and stature of AIOS.

To all our faculty and delegates, I hope Ranchi offers you much more than three days of excellent science. I hope it gives you ideas to take home, skills to put into practice, colleagues to reconnect with, new friendships to build, and memories to cherish.

I look forward to welcoming you all to Ranchi, the vibrant heart of Jharkhand - a land of extraordinary natural beauty, rich cultural heritage, resilience, warmth and an unmistakable spirit of its own. I hope that, alongside an inspiring and interactive scientific experience, you will discover the gracious hospitality and unique character of this remarkable part of India. May Ranchi bring us together in a spirit of friendship, fellowship and shared learning, and may this AIOS Mid-term Conference become a memorable celebration of science, innovation, camaraderie and our shared commitment to the future of ophthalmology.

Warm regards,

Dr. Santosh G. Honavar
Honorary General Secretary

AIOS Mid-term Conference 2026, Ranchi

Dr. Manoj Chandra Mathur
Treasurer

Respected Seniors and Dear Colleagues,

It gives me immense pleasure to welcome you all to Ranchi, the capital city and a major hub of the Indian state of Jharkhand, famous for its scenic waterfalls, pleasant climate, and rich tribal heritage for the 5th Annual

Midterm Conference of AIOS

The local Organising Committee led by Chairman Dr B P Kashyap, Org. Sec Dr Bharti Kashyap, treasurer Dr Preetish Pronoy and members Dr Nilendu Mishra & Dr Sujoy Samanta promises to be an academic treat and a social extravaganza.

The OBSC AIOS under the leadership of our president Dr JS Titiyal and stewardship of Secretary Dr Santosh Honavar, visited the Venue, Hotel Chanakya BNR and supervised all arrangements with minute focus on logistics and delegate comfort.

This weekend event is being organised through September 25-27, 2026, at the Chanakya BNR Hotel which is just a 15 minutes' drive from the airport. The scientific committee led by its dynamic Chairperson Dr Namrata Sharma has designed a sumptuous scientific fare. All types of presentations including free papers, posters, video presentations and faculty talks form the core scientific fare apart from the practical hands-on diagnostic, technological and surgical courses. A finely curated Trade Exhibition shall satiate your need for replenishing your equipment' and instruments.

A shout out to all AIOS members to attend in large numbers with families, take a well-deserved break from the routine and enjoy a special camaraderie.

Ranchi offers multiple options for a memorable holiday and picturesque sightseeing around.

Hearty Welcome

Sincerely Yours

Physical Poster Guidelines

- Once your physical poster is selected, the following guidelines have to be adhered to display in the conference venue.
 - Use large print and shade or color block letters when possible. For legibility, a minimum font size of 28 points and a maximum of 600 words are recommended. Fully disclose all commercial relationships relevant to the subject matter.
 - Produce material that is legible from a distance of at least one meter. Use large print and shade or color block letters when possible. For legibility, a minimum font size of 28 points and maximum of 600 words are recommended. Avoid using red or green – up to 5% of the population is red-green color blind.
 - The poster dimension will be 33 Inch/83 Cm horizontally and 45 Inch/114 Cm vertically in the portrait format.
 - All physical posters must be displayed by 11:00 AM on Day 1 (25 September 2026) of the conference. Poster panels will be available one day prior to the conference to facilitate poster display.
 - Poster boards (Pin Boards) to put up the posters and thumb pins will be available at the poster panel area. No sticking tapes to be used.
 - You will get an email containing the poster panel number and location to be displayed prior to the conference.
 - The poster panel will have your poster number and the title of your presentation displayed on it for you to identify your panel.
 - Volunteers will be available at your service at the panel area to assist you in finding your panel.
 - Fully disclose all commercial relationships relevant to the subject matter for all authors of the abstract for the prior 24 months.
 - Physical poster presentation provides a great opportunity for you to interact with the delegates. Display the date and time of your availability near your physical poster so that the delegates can come and interact with you. Your availability of at least of 2 hours on each day is recommended.
